GLOSSARY 4

205.01B Determining the New Monthly Payment

Except for Fannie Mae Structured ARM Loans, a Required Monthly Payment change occurs at established intervals and corresponds to any change in the interest rate. The new monthly payment is calculated by determining the amount required to repay the UPB of the Mortgage Loan in substantially equal payments over the remaining amortization period of the Mortgage Loan at the interest rate in effect following the latest interest rate change utilizing the applicable Interest Calculation Method. If the Mortgage Loan is an interest-only Mortgage Loan, the new monthly payment is the monthly interest payment at the interest rate in effect following the latest interest rate change utilizing the applicable Interest Calculation Method. The new Required Monthly Payment becomes effective on the first day of the month following the month in which the interest Rate Change Date occurs.
